

PARTNERSHIPS TOOLKIT: Strategic planning framework

Long-term aims for partnership working: e.g. broadening horizons for students; improving teaching & learning	Mid-term gains: e.g. developing 6 th form leadership skills; improving academic data & targets
--	---

Planning: Complete the table below in as much detail as possible (add more rows as needed). Start with existing events/relationships. Include scope (e.g., number of students involved). Add more rows, new ideas, brainstorm! Outcomes should be measurable and help design impact evaluation.

Project description, including timing	Benefits to my school	Benefits to partner school(s)	Resources needed (people, £, time)	Successful outcomes - measurable (list all)
e.g. TeachMeet for subject leads in local schools to discuss closing the gap post-Covid, late summer term, with refreshments	Pick up new strategies for T&L; meet new colleagues and strengthen links	Pick up new strategies for T&L; meet new colleagues and strengthen links; opportunity to visit our school	X to organize; admin to send invitations; catering £3 pp; students to do tour for visitors; photographer?	T&L leads in all schools more confident about closing the gap; students feel more supported; improved outcomes at GCSE/A level

Next steps: Prioritize projects above. Write a list of actions to do next, e.g. meet Head, check school development plan, visit partner school website.
